

INDIGENOUS ECOLOGICAL KNOWLEDGE

Thursday March 25, 2010

In the Theatre of the Museum and Art Gallery of the Northern Territory.

The Natural Resource Management Board is pleased to present with Indigenous Ecological Knowledge Program Partners Central Land Council & NAILSMA a day of presentations on an exciting range of projects undertaken throughout the NT since 2008 to current.

Projects include cross knowledge research, monitoring and management, traditional knowledge and language transfer, recording, mapping, two-way education and capacity building.

All projects have and continue to support strong natural and cultural resource management outcomes on country in the NT.

We hope you will join us:
